Mental Health Matters

One of our school improvement priorities this session is to raise awareness of Mental Health amongst pupils, staff and families. Our Health and Wellbeing Committee and Staff Working Party will co-ordinate a range of events and activities to help promote positive mental health.

Please look at our social media posts for ideas on how you can support your mental health and discover ways you can support your child.

This session, we are working in partnership with SAMH – please see some of the online workshops they have on offer on the reverse of this newsletter.

Homework

Following feedback from parents/carers, we continue to provide homework to all of our pupils. Homework enables parents/carers to see what their child is learning and allows children to practise concepts taught on class.

We understand that family life is busy and therefore, we offer flexibility in how we expect homework to be completed. Homework grids are issued monthly, with suggested activities highlighted. Jotters are due in every Thursday and distributed every Friday to allow the children to complete tasks when families have more time.

Drop off and drive!
